# DINING

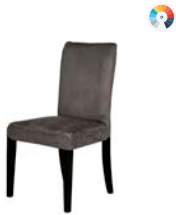

We have the option of regular height dining tables as typically found in a formal situation, or we also have the option of high tables that can be used with a bar stool for a casual event.

We are able to provide furniture to accommodate a whole range of dining events, from intricate private dining to large scale banquets.

# COCKTAIL

We also offer a range of cocktail stools that can be incorporated into any bar set up, from sophisticated stainless steel to fun and funky illuminated designs!

At Wicked we also enjoy keeping up the trends, and we can supply fun oil drum cocktail tables, in-keeping with an industrial youthful atmosphere. These can be spray painted to whatever colour scheme suits the client.

# LIGHTS

We understand the importance of creating an appropriate ambience within a structure that will reflect the event perfectly. From corporate to casual, we can accommodate almost any request.

We also have the capability to install the required safety lighting, such as functional strip lighting within utility areas and directional fire exit lights - a complete turn-key solution. One vital element in creating an atmosphere within a structure is the lighting.

# OUTDOOR

Our outdoor furniture is also customisable, as our in-house tailors can create custom cushion covers to incorporate any colour scheme the client requires into their outdoor space.

Once a structure is in use during an event, the outdoor areas can be equally important as the interior, especially during the cooler seasons.
